Strengths:

High Football IQ
Coachable
Leadership Skills
Hard Worker
Dedicated
Eager to Learn

Personal Message from Benjamin Becker

Strength, determination, and pride keep me focused on playing at the next level. I am currently a high school senior who is a varsity starter at center and plays left and right guard. My size and work ethic allow me to have a big impact on the game. As a leader on and off the field, I share my knowledge and passion for the game with younger players, learn from coaches frequently to increase my skill set, and welcome tough competition. I will do whatever it takes to become the best version of me on and off the field.

Ben Becker is a 6'0", 250lbs offensive lineman playing the Center position for the Wildcats of Franklin County High School in Indiana. As a varsity starting sophomore for the 2024 class, Ben has established himself as a solid and dependable anchor point of the offensive frontline. Playing in a "pro-style" offensive scheme, Ben is a consistent snapper operating out of the gun formation. What stands out on the field with Ben is his strength and mobility to engage a defender and drive block for the entirety of the play often times neutralizing the opponent. Ben brings a high football IQ and leadership to team. With continued growth, he will become one of the premier offensive linemen in the area.

In the classroom, Ben brings a 3.45 GPA while earning Honor Roll Award every semester since middle school. He is looking to continue his studies in Business Management.
