For more information on Bransen, please contact:

2025 Bransen Shanley is a Linebacker from La Porte HS. Bransen is 6'1 and 202 lbs. He is quick on his feet and moves with ease. This young man has great flexibility and uses his hips to change direction to explode to the ball. He is able to read the play well and stop the running game. Bransen is able to use his strength to shred the blockers. This young man is very physical and understands what it takes to get the job done. When not on the field He is working to better his game, and is able to use his skills on the football field. Bransen also understands that grades are important and maintains a 3.91 GPA. He is looking to prosper in a college that offers a great engineering program. Coaches I see this young man as someone who will be able to complement any program and will fit in well in any environment he is put into. Bransen has been able to overcome many obstacles some more than others but he never let the doubt or what if's stand in his way. He was able to throw all the challenges up and tackled them up with pure dedication and sheer determination.
